

**HEALTH AND WHOLENESS FOR THE 21ST CENTURY
CONFERENCE THEMES**

THE MEANING OF HEALTH AND WHOLENESS:

What is the biblical understanding of health and wholeness?

How is this applicable to individuals and communities?

What implications does this understanding and its applications have for the shape of health promotion and health ministries in the coming decade?

CHURCH PLANTING AND CHURCH GROWTH: THE FRUIT OF WHOLISTIC MINISTRY:

In what ways and to what extent can health and healing ministries grow out of, or partner with, the local church?

Can ministries complement, overwhelm, or exist separately from the church?

What models strengthen the local church and what pitfalls that impair the work of the church should be avoided?

PARTNERING WITH THE RIGHT PEOPLE:

What factors in North and South partnerships have contributed to effective models?

What can we do to promote such effective models in health ministries?

LESSONS FROM THE PAST:

What lessons have been learned from the history of medical missions: the good and the bad?

MISSIONS SOUTH: THE DEMOGRAPHIC SHIFT:

Who will set the agenda for Medical Missions in the 21st Century?
